

Welcome to the

ICSL
Parent Teacher
Association

Our Mission!

Our mission is to partner with the ICSL staff and students to inspire, support, and enhance the services, events, and activities that our children participate in at ICSL.

What We Do!

inspire

The most important role that the PTA has is that of being encouragers. Parents can encourage the students and staff through daily prayer and through activities focused on encouragement.

SUPPORT

All parents are invited to support as volunteers in a variety of ways. This could be as chaperones, providing goods or manual labor for events, or securing donations for fundraisers. Whatever your gifting - we need you!

ENHANCE

Parents bring a wealth of experience and expertise to a school community. YOU could be the expert students meet in their classes or the storyteller that inspires the next great author.
